

SMALL TANK / CONTAINER SOLUTIONS

316LSS Clip-on Static Spray Balls

The Series (SSBC) Clip on Static Spray Balls are designed for small to medium size tanks. Under liquid pressure, the nozzles disperse solid stream jets in 180° or 360° spray patterns in order to maximize the cleaning of internal surfaces. The spray ball is held on to the tube with a sanitary connection clip.

Performance Data

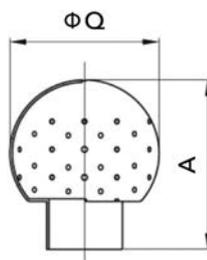

INLET CONNECTION (CLIP)	NOZZLE CODE	FLOW RATE (LPM @ BarG)				SPRAY BALL DIA. (mm)
		1	2	3	5	Q
1/2	STCO-SSBC-25	25	35	48	82	25
1/2	STCO-SSBC-30	32	45	60	92	30
3/4	STCO-SSBC-40	45	65	90	128	40
3/4	STCO-SSBC-45	49	70	100	150	45
1	STCO-SSBC-50	70	100	132	210	50
1-1/4	STCO-SSBC-65	119	170	280	400	65
1-1/2	STCO-SSBC-75	161	230	380	520	70

316LSS Threaded Static Spray Balls

The Series (BSPF) Threaded Static Spray Balls are designed for small to medium size tanks. Under liquid pressure, the nozzles disperse solid stream jets in 180° or 360° spray patterns in order to maximize the cleaning of internal surfaces. The spray ball inlet connection is threaded female for a secure fit.

Performance Data

INLET CONNECTION (BSPF)	NOZZLE CODE	FLOW RATE (LPM @ BarG)				SPRAY BALL DIA. (mm)
		1	2	3	5	Q
1/8	STCO-BSPF-25	25	35	48	82	25
