

# STCO 3600-A

## Rotating High Impact Jet Spray - Large Tank

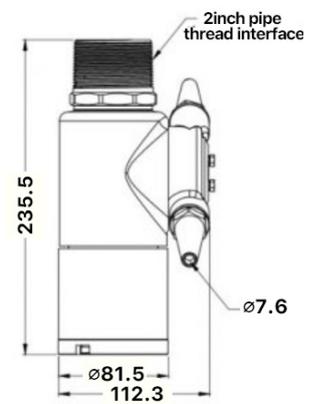

The STCO-3600B is built for larger tanks, providing powerful 360° cleaning with a diameter of up to 30 metres. Its robust jet design ensures thorough coverage and maximum cleaning force.

- High-performance jet action for effective residue removal
- Durable, low-maintenance stainless steel construction
- Ideal for CIP systems, food, beverage, and chemical industries

### Performance Data

<b>Model</b>	<b>3600-A</b>
<b>Material</b>	316LSS , PTFE
<b>Spray Coverage</b>	360°
<b>Recommend Pressure</b>	4-20 bar
<b>Working Pressure</b>	3-22 bar
<b>Inlet Connection</b>	2" BSPF
<b>Weight</b>	12 kg
<b>Cleaning Diameter</b>	30 metres
<b>Flow Rate @ 10 Bar (l/min)</b>	5/16" 270 l/min
